Dyslexia Support South
where hope meets learning

We provide information about

- dyslexia
- dyspraxia
- dyscalculia
- processing issues, including
 - auditory processing disorder
 - visual processing issues, such as Irlen Syndrome
- schooling
- activities for home
- interventions information
- assessment information
- anxiety issues

Is your child struggling to

- read
- write
- understand maths?

Do they have anxiety about

- their learning
- going to school
- socialising with peers?

Do you feel something is not clicking with their learning?

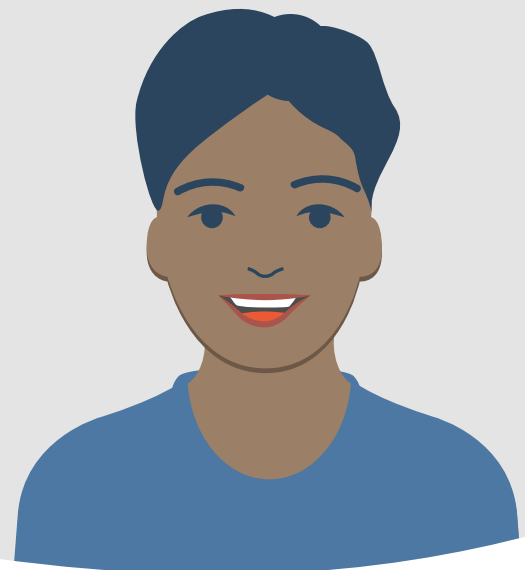

We can help you with free, expert, independent advice to assist you with your next steps.

Talking with those who understand

This group is run by parents of children with learning differences.

Stay informed

To keep up to date with Southland events and information join our mailing list. There are specific information for families under the parent toolkit on our website.
